Sir,

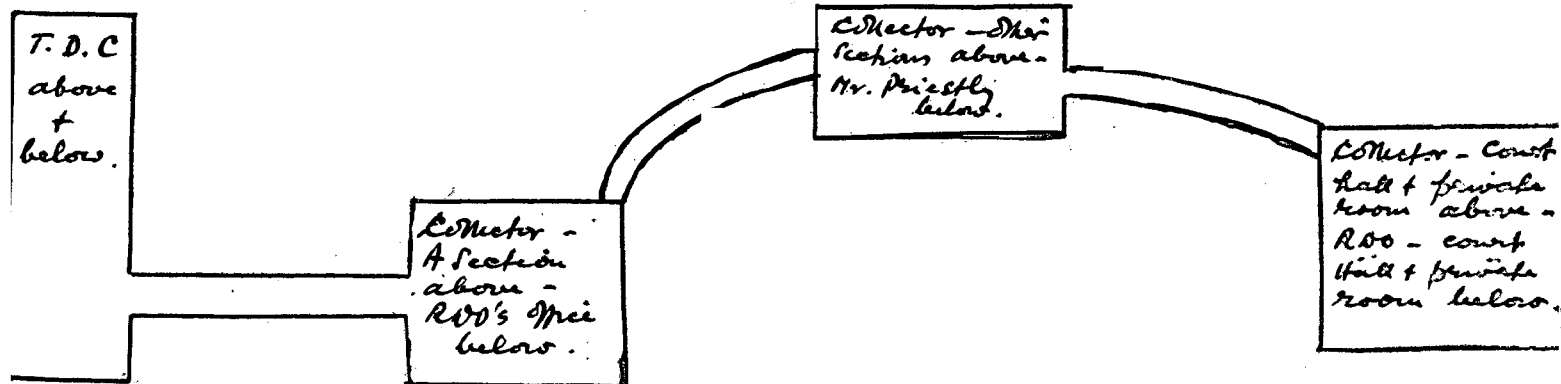

ENCLOSURES

one plan

Buildings - Government - Collector's office ,
Bellary - Portion vacated by the District Board
Office - absorption by Collector - proposals -
submitted -

SPARE COPIES

The offices of the Revenue Divisional Officer
Bellary, Try. Dy. Collector and myself are in a curious
set of four buildings arranged three in a crescent and
the fourth in a wing running straight back from the general
direction of the other three. Each building is connected
with the next by an arched cloister. Each building has
ground and upper floors and the roofs of the cloisters -
are used as passages. The arrangement is as follows .-

The ground floor of the central block was occupied by the
District Board Office till June and has been partly occu-
pied by Mr. Priestly since. It was evidently the District
treasury at one time. The question of the disposal of
this accommodation will arise when Mr. Priestly vacates it.
The Dy. Registrar of Co-operative Societies wants it ins-
tead of his present accommodation in the Executive Engineer's
office. The District Superintendent of Police also asks
that the District Veterinary Office and the District

Agricultural Office may be moved to it so that his office and stores may be located in the Government buildings they now occupy. This will save Rs. 95/- a month for the rent of the private buildings now used by the District Superintendent of Police. He has also asked for two buildings - vested in the Army Department which are the subject of my reference to the Board, (Ref-1516/33A, 13-6-33). That proposal suits the personal convenience of the District Superintendent of Police, whereas his present proposal suits the personal convenience of his clerks, it would appear. I also wish to abolish the overcrowding and improve the arrangements in my office and the Revenue Divisional Officer's Office by absorbing this accommodation and I took advantage of Mr. Hall's visit to -- take him over the buildings and show him my proposals.

2. I enclose a sketch showing details of the - ground floor of each block and the upper floor of the central block of the office with measurements to illustrate the proposals. The Try. Dy. Collector's accommodation is not shown in the plan as that is unnecessary. I request that the Board will be pleased to recommend my proposals to Government for sanction.

3. The objections to the present accommodation are as follows.-

(1) The Revenue Divisional Office is too far from his Court-hall and private room.

(2) His property room is a part of the verandah of his Court hall with wooden walls filling in the spaces between the pillars and forming the ends of the room. It is unsare and makes the Court hall hot.

(3) My Fair Copying Section is in a long -- narrow room which is really one verandah of the rooms occupied by the English Head Clerk and B section; it is too hot in the hot weather, so that it is uncomfortable for the clerks; it is too cramped for proper use and

control and there have been serious errors there which may be partly due to this.

(4) There is no tiffin room for the clerks, who go home for tiffin to the detriment of their work.

4. The proposals are as follows.-

(1) To move the Revenue Divisional Office to the central ground floor vacated by the District Board ~~Office~~ Office except the long narrow room and south end room at the back.

(2) To use those two rooms as store rooms of my office because they are inclined to be stuffy and hot.

(3) To use the present store room (originally a ryot's shed) as a tiffin room for all clerks.

(4) To move the Fair Copying Section of my office to the room now occupied by the Inspecting Tahsildar.

(5) To locate the Inspecting Tahsildar's office in the two rooms on the ground floor now occupied by the Revenue Divisional Office. The accommodation (1) having been a treasury is fitted with three grilles which make it suitable for use as clerks' room, record room and property room.

5. The following building alterations would be ~~XXXX~~ necessary in connection with these proposals.

(1) The Revenue Divisional Officer's present property room would be reconverted into Verandah by removal of the wooden walls.

(2) The grille outer door of the western room of the central ground floor would be replaced by a strong wooden door to make it safe as a property room.

(3) A door would be made in the wooden partition between the room now occupied by the Inspecting Tahsildar and B Section.

ENCLOSURES

Ref: Your letter No.2381-Ac/33-1, dated 4-9-1933.

Sub: Impts. to the Bellary Collectorate buildings.

SPARE COPIES

I forward herewith an estimate amounting to Rs.90/-
for improvements to the Bellary Collectorate buildings as called
for.

2. As regards item (2, namely replacing the grille door
by a strong wooden door it is proposed to fix galvanised iron
sheeting to the existing door itself since it is quite strong
and will not fetch any money if it is removed. The object of
preventing people from putting their hands through the bars
will be fulfilled.

3. If the Collector considers a new wood^{-en} door is required
for the item (2) referred above, the amount of the estimate
will be increased by about Rs.20.

4. The tracing plan received with your endorsement is
herewith returned.

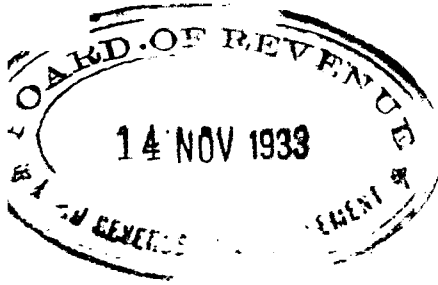

A.W. Robert

Ref:- Board's reference No. E.4512/33-3 dated 17-11-33.

Para 1 of the Board's reference:-

27

I agree to the proposal in para 2 of the Super-
intending Engineer's letter No.2381/Ac.33-1 dated 4-9-33
provided the doorway is completely closed by the galvanized
iron sheeting because the room is to be used as a magiste-
rial property room and no one should be able to see into
it when the door is not open. To improve the lighting
of the room I propose replacing the wooden panels of the
shutter of the window of the room by glass panes. It has
already been ascertained that this will not cost much. I
am asking the Executive Engineer to revise the estimate
in the light of these proposals. The revised estimate
will be submitted on receipt from him.

Para 2 of the Board's reference:--

Mr. Priestley's staff has been reduced although
his period of special duty may be extended beyond 31-3-34.
He does not therefore need so much room though he may
want it longer. I ^{may} be able to arrange with him not
to inconvenience him in carrying out these proposals as
they were originally made. So I would like the work done

this official year using part of the allotment reserved for the improvements to the Tahsildar's residence in Kudligi (Vide B.P. Mis. C. No.3034/5-10-32) which may be postponed till next year.

Memorandum No. 948 C/34-6 dated 31st July 1934.

Buildings - Bellary - Collector's office - Vacant portion
Utilization - Reference letter from the Collector of Bellary
No. D. Dis. 257/33 dated 22nd August 1933.

It is reported that the ground floor of the central block of the Collector's office building at Bellary which was occupied by the District Board office is now vacant, and that there is a demand for this accommodation for offices of other departments. The Collector however considers that his office is overcrowded at present and that a rearrangement of all the available space is necessary to relieve the congestion. The Board of Revenue (Land Revenue and Settlement) supports the Collector's proposals. It is observed however that if the District Veterinary and District Agricultural offices are moved to the surplus portion and the District Police office and stores are located in the buildings thus vacated there will be a saving to Government of Rs. 95 per mensem now paid as rent for the District Superintendent of Police office building plus a sum of about Rs. 1000/- the cost of construction of a shed for the Police motor van now under consideration. It does not appear that all the heads of offices who require accommodation in the building have been brought together on the spot and their claims considered. The Collector of Bellary is requested to do so now, and if possible submit through the Board of Revenue, proposals which will meet the convenience of all the departments concerned, apart from any special interests of any of them, with information as to the cost that will be involved by the rearrangement.

His attention is invited in this connection to the permissible area of space allowed for a clerk (viz. 60 sq. ft.)

and he is requested to state whether according to this standard his office is congested. He is also requested to report what offices the Collectorate building was originally designed to accommodate

Office - Vacant portion of utilization - interim
Report.

Ref. Govt. Memorandum No. 948-C/34-6 dated 31.7.34.

ENCLOSURES _____

SPARE COPIES _____

I have inspected the existing accommodation in buildings occupied by the Office of the Deputy Registrar of Co-operative Societies, District Veterinary Office and the District Agricultural Office. The District Veterinary Officer has much more accommodation than he actually needs, and has offered to occupy the rear part of the vacant portion in my Office. I can accommodate the District Veterinary Office alone without detriment to the needs and interests of my office. The District Veterinary Office ^{thus} ~~then~~ left vacant can I think, accommodate the District Police Office and his stores also, as it is very spacious.

I could not consult the District Superintendent of Police in the matter as he is in camp and will be returning to Head Quarters on or about the 20th instant. I therefore send this interim report. Detailed proposals about the rearrangement of the Offices will be submitted in consultation with the District Superintendent of Police as early as practicable.

Telegraphic Address...

To The Secretary to the Commissioners,
Board of Revenue, Land Revenue & Settlement,
Madras.

L.Dis. No. 1107/34, dated 9th January 1935.

Sir, BUILDINGS - Government - (Bellary) - Surplus
portion in the Collector's Office - utilization -
detailed proposals - submitted.

SPARE COPIES *144-43 Supra* Ref: Government Memorandum No. 948-C/34-6 P.W. & L.
149 Supra Department, dated 31.7.34 and (ii) Board's R.C. E. No.
11-36 Supra 4512/33 ~~Board~~, dated 18.12.34. (iii) This office D.Dis.
257/33. dated 22.8.34 and R.C. 1167/34, dated 14.12.34. *147*

I have inspected the buildings occupied by the District Veterinary Office, the District Agricultural Office, the Office of the Deputy Registrar of Co-operative Societies and other offices in the Fort and have carefully considered the needs, interests and claims of various offices for accommodation in consultation with the Officers concerned viz., the District Superintendent of Police, the Executive Engineer, the District Health Officer, the District Agricultural Officer and the District Veterinary Officer and some others.

2. The old Sessions Court building with its out-houses in the compound can accommodate bigger offices than the District Veterinary Office and the office of the Health Inspector now located in these premises. The accommodation available in it is much more than they actually need. The Inspector-General of Police and the District Superintendent of Police, Bellary agree.

inspecting this building, are of opinion that the whole building, if vacated and allotted to the Police Department would meet the needs of the District Police Office. The Inspector General says it will not take the stores and that in time a building in the compound for this purpose should be constructed. The stables are large enough to take the Police van. So I consider it advisable to allot this building entirely for the District Police Office. This will save Rs. 65/- per mensem, the rent of the Police Office, and the necessity to build a garage for the van. For the existing offices in the Sessions Court building I propose the following arrangements:--

(i) The District Veterinary Officer who accompanied me during my inspection has consented to occupy the rear part of the surplus accommodation in the Central block (ground floor) of my office, consisting of three narrow rooms on the south forming the whole length of the block. The front hall including the strong rooms fitted with grilles may be set apart for the Revenue Divisional Officer, Bellary, after making the necessary improvements as already reported in paragraphs (3) and 5 of this office D.Dis. 257/33, dated 22.8.1933.

(ii) The District Health Officer has agreed to my proposal of moving the health Inspector to the vacant portion of the building occupied by the Sub Assistant Inspectress of Mahammadans Girls' Schools in the Fort.

3. The District Superintendent of Police has also asked for the old police hospital now occupied by the District Agricultural Officer, for his stores

and garage for his van. The building is at least 300 yards from the guard room of his armed reserve and there are no police buildings or land in between. It is no more possible for his guard to watch it than the existing store a mile away in the Fort. It is just along-side the Municipal High-School and if it were to be vacated I should recommend the claim of the Council, urged more than once, to add it to the High School buildings. But the District Agricultural Officer has in it just enough accommodation for his office, that of the Head Quarters Agricultural -- Demonstrator and for keeping the ploughs, seeds and other implements for demonstration and sale. He fills his buildings with agricultural implements which overflow on to the verandah also. Besides he keeps bees in pursuit of research into honey-making and urges that the quiet there is necessary for the bees. He would not get this in my office and the bees would be a nuisance to people using my compound. Moreover the accommodation available in my office is insufficient. I cannot find another suitable place for him, particularly as the demonstrator needs to be in a place where the ryots can find him very easily. I cannot therefore recommend the transfer of the District Agricultural Office to make room for the police stores.

4. The Deputy Registrar of Co-operative Societies has asked for the vacated District Board accommodation in my office. I have inspected his existing accommodation in the Executive Engineer's office and consider it adequate though not ideal. It includes a large shed with a corrugated iron roof in which the liquidator and his compiling staff are lost; this is no doubt hot at times owing to leakage of the roof. The Deputy Registrar is in fact no worse off than I am and Government will recognize that.

I have the prior claim.

5. I am not aware how 60 square feet was calculated as necessary for each clerk but suspect that it takes little account of the idiosyncrasies of --- existing buildings. In this district buildings are peculiarly inconvenient, the most noticeable feature being the bad lighting. There are few windows and the designer seems to have thought doorways provide light, ignoring that when the strong winds of these parts are blowing the doors must be closed. To --- obtain light a clerk must ignore the actual patch measuring 60 square feet which may be allotted to him subsequent to the construction of the building and locate his desk near a door. Making some allowances for passageways even by the standard of 60 square -- feet for each clerk the accommodation available for

(1) the sections under the English Head Clerk, viz., B, his correspondence as usually allotted in a Collector's office and F, the fair-copying section and

(2) the magisterial section, E, which is all in the same hall and verandah, is inadequate, being 52 to 55 square feet per clerk. It is doubtful whether 60 square feet was proposed for clerks and typists sitting together because the noise of typing greatly deteriorates from the ability of a subject clerk to think. Yet in my office three typewriting machines, a duplicating machine, the clerks ~~seriously~~ *noisily* comparing and the clerk and attender engaged in despatch, all contribute to prevent the subject clerks of B and E sections from concentrating on their work. I did not --- mention before that the faircopying section finds

its closed verandah so hot in the hot weather that it migrates temporarily to my court hall. I therefore adhere to my request for additional accommodation to permit of the fair-copying section being moved to a place where its work can be better organised and supervised and where it will not interfere with the work of other clerks.

6. My office building in its present structure (as distinct from the one occupied by the Deputy District Collector) was completed in 1890 and from the records available it is seen that the Central block and the two wings (both the ground and the first floors) were then accommodating the Divisional Office, District Forest Office, the District Board Office in addition to mine. There is -- nothing on record to show that the building was specially designed for these four offices. Nor am I able to compare conditions then and now.

7. In view of the above observations, I reiterate my proposals for the absorption of the surplus portion in my office as mentioned in paragraphs 4 and 5 of my letter No. D.Dis. 257/33, dated 22nd August 1933, with the exception that the District Veterinary Officer will be accommodated in the set of three long narrow rooms at the back of the surplus portion in the central block. This revised proposal would involve the following alteration to the building in addition to those already proposed in paragraph 5 of this office D.Dis. 257/33 dated 22.8.33:--

The archway in the grille dividing the front hall of the surplus portion and the north end room at the back would be fitted with strong wire-netting, so as to separate the two offices on either side without interfering with the light and air, needed by both.

R. M. M. M.

Collector.

PROCEEDINGS OF THE Chief Engineer, P.W.D. (General, Buildings and Road)

MEMORANDUM

Post Box No. 410 Telegraphic Address Quya Iamica.

Name V. Hart Esq., C.S.I., A.M.I.C.E.

No. 183-Ac/35-4, dated 18th April 1935.

Short title Buildings - Bellary - Collector's office - Surplus property utilisation - detailed proposals.

READ—the following:—

From the Superintending Engineer, Maliras Circle, Kuz
letter No. 1166-G/351 T.12 dated 11th April 1935.

With reference to para 2 of the Bellary Division
Executive Engineer's letter No. 339-SE dated 2nd April 1935
forwarded with the Superintending Engineer's letter quoted
above, the Superintending Engineer is informed that it is
enough if a rough idea is given of the expenditure that may be
necessary in the proposed rearrangements together with rough
sketches showing the existing and proposed arrangements, is
furnished to this office. No detailed plans and estimates
are required at this stage. The Superintending Engineer is
therefore requested to furnish the same as early
as possible but not later than the end of May 1935.

The detailed estimate received from the Superintending
Engineer is returned herewith.

V. Hart, 17-4-35.
Chief Engineer, P.W.D.

To the Superintending Engineer, Maliras Circle, with an estimate.

Endorsement No. 183-Ac/35-5, dated 18th April 1935.

Copy with a copy of the Bellary Division Executive
Engineer's letter No. 389-SE dated 2nd April 1935 forwarded
to the Board of Revenue, Land Revenue and Settlement, in conti-
nuation of this office letter No. 183-Ac/35-3, dated 1st April
1935.

V. Hart, 17-4-35.
Chief Engineer, P.W.D.

Secretary, Board of Revenue, Land Revenue and Settlement,
with a copy of the Exe. Engr.'s letter No. 389-SE/2-4-35.

Copy of letter No.389-SE/2-4-35 from C.R.S. Richardson Esq.,
Executive Engineer, Bellary Division, to the Suptg. Engr.
Madras Circle.

Sub:- Providing expanded metal to the iron grating
in the archway in front hall of Central Block
Collector's office, Bellary.

Ref:- Your No.84-By/351-T-12. dated 6-2-35.

I submit herewith an estimate together with plans
showing the existing and proposed arrangements for the above
mentioned work for favour of your approval.

2. It is believed Government want plans of all the
buildings showing the proposals with approximate estimate.
This is a big job. The Supervisor has had no time to do
this during February and March and can only take it up in
April and cannot complete it before the 10th of May. It
has to then be examined by the Sub Divl. Officer and my
office. No reply can be sent before the end of May.

Buildings - Government - Bellary - Collector's Office - Vacant portion - Utilisation - Proposals -

15284h Ref: Board's Ref.No. E 4512/33-9 dated 17-1-35 and my letter No.183 Ac/35-9 dated 8-8-35.

12276h I forward herewith a copy of the report received from the Executive Engineer, Bellary Division, together with plans and approximate estimates for the improvements necessary to utilise the vacant portion of the Collector's Office, Bellary. The report explains in detail the arrangements that are proposed for the accommodation of the various departments referred to therein.

2. As the Office of the Famine Division, Bellary, is now located in the building till lately occupied by the Office of the Sub Assistant Inspectress of Schools, Bellary, the proposal to move the District Police Stores referred to in para 5 of the Executive Engineer's report (enclosed) can be given effect to only after the abolition of the Famine Division. Till then, the existing arrangements will have to be continued so far as the Police Stores are concerned.

Enclosures.-

1. A copy of the Exec.Engr's report. 485-88h. L. Venkatar. 318.33-
Originals of -for Chief Engineer, P.W.D.
2. A tracing B.No.158/1935. (G) (N)
3. Seven plans B.No.95/35, B.No.95 A/35, B.No.135/35, (Y) 135 A/35, 135 B/35, 136/35 & 137/35. (J) 348.33
4. Two estimates for Rs.4,500 and Rs.500 including a working estimate for Rs.75. -11 89-1152h
5. Three blue-prints B.No.1/1926, No.1 A/1926 and B.No.122/30. (V) (D)

(Items 2 to 5 to be returned when done with).

85

R E P O R T.

The Collector's and Revenue Divisional Offices are located in a building having 3 blocks as shown in plan No. B 158/35 connected by covered passages. Each floor has a ground and upper floor.

(i) The ground floor of the left wing is occupied by the Revenue Divisional Officer's Office and his records and the first floor is occupied by the Sheristadar's Section

ii) The ground floor of the central block was formerly occupied by the District Board Office and subsequently by the Special Collector, Thungabhadra investigation, and is now vacant. Two of the end rooms are occupied by the Collectorate Sub Post Office. The first floor of the central block is occupied by the Sections under the English Head clerk and also by the Inspecting Tahsildar and his staff and records.

(iii) The ground floor of the right wing is used as the Revenue Divisional Officer's Court Hall and his private room and the first floor is used as Collector's Court Hall and his private room. A portion of the verandah in ground floor had been converted into a room by means of wooden partitions and is used as the property room of the Revenue Divisional Officer.

The following re-allocation of the rooms is proposed:-

Plan No.
58 B/1935.

(I) Rev. Divl. Officer's Office.

(a) The Office of Rev. Divl. Officer will be shifted into the vacant portion of the ground floor of central block and the Rev. Divl. Officer will thereby have an office measuring 43'-0" x 19'-6", a record room measuring 15'-0" x 19'-6", and property room measuring 7'-6" x 19'-6" all in one block instead of their being at different places as at present. The right end room of the block will be used as the property room and the iron grated door marked A in plan No. B158/35, will be provided with G.I. sheeting to cover it fully as ~~agreed~~

8/

as agreed to by the Collector in his No. R.C.5606/33-B dated 15-1-34.

(b) The semi-circular window with fixed loueres marked B in plan No. B. 158/35 will be provided with a fixed glazed shutter instead of loueres, to admit sufficient light into the proposed property room.

(c) The present property room in the ground floor verandah of right wing will be reconverted into a verandah by removal of the wooden partitions.

(d) Incidentally a door will be fixed in the first floor of Central Block between B Section and Room occupied by Inspection Tahsildar.

An estimate for Rs.95/- providing for these 'Improvements' was forwarded to the Collector in this office No.517 dated 27-1-34.

II. DISTRICT VETERINARY OFFICE.

The 3 long rooms in rear of the hall which is proposed to be occupied by the Rev. Divl Officer's Office, will be allotted to the District Veterinary Officer, whose office at present is located in the Old Sessions Court (along with the office of the Health Inspector) and which is too big for his requirements. The improvements required for the 3 rear rooms are as below:- (Vide plan No. B. 137/35).

(a) Provision of additional windows to improve the lighting in the rooms.

(b) Providing wire netting to the iron-grated partition marked C in plan No. B. 158/35 as required in Collector's Ref. D.Dis, No. 1167/34 dated 9-1-35.

(c) Provision of new record racks, since the existing record racks in the old Sessions Court are of masonry and cannot be shifted.

An estimate for Rs.500/- is enclosed for these alterations.

11/105-109
b1

III. OFFICE OF HEALTH INSPECTOR:

(X) The Health Inspector occupies a portion of the old Sessions Court and it is proposed to shift his office to a room in front verandah of record section of Collector's Office (vide Plan B. 137/35. The room measuring 22'-6" x 9'-4" and the District Health Officer considers that it is sufficient for the Health Inspector. No improvements are proposed for this building.

IV. DISTRICT POLICE OFFICE.

(J)(Y)(P) The District Police Office and Police Stores are located in rented buildings in Fort and the District Superintendent of ~~Office~~^{Police} has agreed to have the Police Office shifted to the Old Sessions Court now occupied by the District Veterinary Officer (vide plans 135, 135-A and 135-B). The accommodation will be sufficient for 20 or 25 clerks if the following improvements are made.

(a) Converting the central mangalore tiled verandahs into a single hall with Madras terrace roof (vide plan 135-B).

(b) Converting the Tsoudu roof of outhouse which is leaky into a Madras terrace (vide plan 135-A).

(c) Providing a door to the motor garage for keeping the Police Van (vide plan 135-A/35). An estimate for Rs. 4,500/- is submitted for these improvements.

DISTRICT POLICE STORES.

The District Police Stores cannot be shifted to the old Sessions Court along with the Police Office as the accommodation will be insufficient and therefore the Police stores will be shifted into the building which till recently was the office of the Sub Assistant Inspectress of Schools Bellary and which is now occupied by the Famine Division. The Office of the Sub Assistant Inspectress was shifted

into

into one of the buildings of the Education Department in the Fort area and this building is no longer required by the Sub Asst. Inspectress. No improvements are proposed for this building. But as this building is at a distance of about 2 miles from the old Sessions Court, it will ultimately be necessary to construct a building in the compound of the old Sessions Court for the Police Stores. This is not however included in the estimate now submitted.

CRS.31-8-35.

R.O.C. 4771/35. B-4 dated 14th October 1935.

Sir,

B U I L D I N G S) Government (Bellary) Reallo-
cation of Government buildings- Collector's
Office- Vacant portion- utilization report-
Sub-mitted.

- - - -

Ref. Board's Ref. E. 4512/33-16 dated 13-9-35.

The District Health Officer inspected the room in the front verandah of the forms room adjoining the Record section of the Collector's Office and he considers that it is sufficient for the office of the Health Inspector, Bellary. This room may be placed at the disposal of the District Health Officer.

2. As regards the Police, Stores, I inspected the Famine Division Office with the District Superintendent of Police, He is of opinion that the Famine Division Office is not suitable for the location of Police Stores unless the following additional buildings are constructed, as these buildings possess no out houses.

(1) Armourer's Shop.

(2) Tent room.

(3) A room for storing oil, petrol etc., for the motor van.

(4) 2 small rooms for keeping (1) condemned articles

P.T.O.

126

(2) deal wood cases and other packing materials and (3) other tools. He also puts forth the additional difficulty of distance. If his office is moved to the Sessions Court as originally proposed, the distance between the office and the Famine Division will be nearly two miles, and will be inconvenient for efficient supervision. I agree with him, and suggest that the Police Stores may be allowed to remain in the present building itself until a suitable building for this purpose is constructed in the old Sessions Court compound whither the office is proposed to be moved. The sketches are enclosed.

Issue given
by 30/10

Public Works and Labour Department.

J. 10. 22. 143-34,

Dated the 20th January 1934.

Recd the following report:-

From the Board of Revenue, No. 4512/33-4, dated 24-2-1934.
From the Inspector-General of Police, No. 457/A & B/34 dated
28-2-1934.

Re the Collection of Polling, No. 949-C/34-5, dated 21-7-1934
from the Board of Revenue, No. 4512/33-8 dated 29-10-1933.

The Board of Revenue has forwarded proposals from the Collector of Belgaum for the utilisation of portions of the office buildings which were till lately occupied by the District Board Office, and latterly by Mr. Priestley, the special officer appointed in connection with the investigation of the Tungabhadra project. The Government have examined the proposals and approve of the following rearranging:-

(1) The offices of the District Veterinary Officer and the Health Inspector not located in the old Sessions Court buildings should be accommodated in the Collector's Office buildings, the former in the rear part of the surplus accommodation available in the Central block (ground floor), and the latter in the room in the front wing of the same block joining the record section of the collector's office.

(2) The other surplus portions should be rearranged as proposed by the Collector in paragraph 4 of his letter No. 257/33, dated the 22nd August 1933.

(3) The District Police Office not located in a

private building should be accommodated in the old Sessions Court buildings after they are vacated by the District Veterinary Officer and the Health Inspector.

2. The estimate for Rs.500/- for carrying out improvements required in connection with the rearrangements approved in paragraph 1(1) and (2) above is returned to the Collector for administrative approval.

3. The Executive Engineer has submitted an estimate for Rs.4,500/- for improvements to the old Sessions Court buildings to make them fit for occupation by the District Police Office. As the Inspector-General of Police reported in his letter No.457/H & D/1934 dated the 18th June 1934 that the buildings were in good condition and only required minor repairs the Government consider that it should not be necessary to spend as much as Rs.4,500/- on improvements and repairs and that essential improvements and repairs should be carried out at small cost. The estimate should be revised accordingly and work carried out as soon as funds become available.

4. The Collector is requested to report in consultation with the Heads of the departments concerned whether the District Agricultural Office cannot be accommodated in the building vacated by the Police Division office, the old police hospital buildings now occupied by the former office being utilised for the location of the Police Stores.

(By order of the Govt., Ministry of Public Works.)

1A

Please see the letter of the Collⁿ of Bellary
at pp 1-3 and 29-31 of

2 while submitting proposals for the

1A-3 of

disposal of the portion of the Collⁿ

Office building vacated by the Dist Board

(now partly occupied by Mr. Priestly, the

S.A.O.), the Collⁿ suggested that with a

few alterations, improvements,

13 of

this portion may be made available to him

in order to relieve Carpenter in his Office

and the Office of the Dist. Secy. Office, Bellary

As the improvements proposed by the

Collⁿ involved structural alterations

15 of

to the building, the C.E. was consulted.

At his (C.E.'s) instance, the Supt. Engr.

1A-9-10 of

submitted an estimate for Rs. 90 for the

improvements proposed by the Collⁿ

and suggested certain modifications in the

details of the work to be done. The Collⁿ

while accepting the S.E.'s estimate suggested further alterations.

129%

The Coll^r has submitted in consultation

with the Executive Eng^r a revised

131%

estimate for Rs. 95 for the improve-

ments and requests that it may be

sanctioned for execution during the

current year i.e. 1933-34.

There is no provision for the work

in the budget for the current year

but at H 1-107 (Q)

under "4.1 Civil works - Provincial -

at H 27-28%

Transferred - Buildings - general admin-

stration". But the Coll^r suggests that

the cost (Rs. 95) of the improvements

at H 29-30%

in question can be met by utilising

a part of the allotment sanctioned

for another work relating to his dt

viz "improvements to the Tabia

residence in District". The latter work

has been administratively approved

by Govt. and its cost reduced to Rs. 900

for at H 134%
not in 117 (M)

against the original budget provision

of Rs. 1500.

The Board is competent to accord

administrative approval to the

for para 419

improvements to the ch^r office building

and the funds required for the work

(Rs. 95) can be made available

at H 118 of the work

from the surplus due to the reduced estimate sanctioned for the improvements to the Police Bungalow in Kusliji. No part of the latter work need be postponed till next year as proposed by the Comr.

5/ Before approving the estimate for the improvements to the Comr's Office building the proposals may be submitted to Govt, as the portion of the building vacated by the Dist Board, is ^{also} required by ~~the~~ ^{the} Dy. Insp. of Const. & the D.S.P. As the portion forms part of the Comr's Office building or as it is required to relieve the congestion of the Office Staff, the Board may perhaps support the Comr's suggestion for it.

6/ The proposal of the D.S.P. is to ^{by} ~~to~~ accommodate the Dist. Veterinary Office ⁱⁿ ~~in~~ 2012 and the Dist. Agricultural Office in the portion of the Comr's Office building which has been vacated by the Dist. Board Office. The intention of the D.S.P. is to locate his office and stores in the buildings now occupied by the Veterinary and Agricultural offices.

Govt have declined to take up the Military building referred to by the Comr. in para 1

See para 246 of the O.C. & A.

- 157 of the Code.

pl see concluding portion of para 1 of the Comr's letter at pp 1-2 C.F.

para of his letter at pp 1-3 of either on lease or on ~~lease~~ p 21 by (I)
 payment of their value. It is not known whether

DB. 5-35-745
 16.2.34

The D.S.O. ^{may} therefore press his ~~original~~
 to shift ~~the~~ ^{the} Veterinary & Agt. offices to the C.M.'s office buildings
 proposed. In the circumstances, it appears
 safer to address the Govt. before any alterations
 to the building are ordered with ref. to the

 his requirements.

Govt may be addressed supporting
 the Collis proposals

Please find memo at pp 41-43 of the report of the Com^r of Bellary at pp 51-55 of and the remarks of the CE at p 83 of

2. The Com^r has submitted proposals in consultation with local heads of offices for the utilization of the ground floor of the central block of his office which is vacant.

The EE's report at p 85 of gives the various offices which are at present located in the Com^r's office building.

1452-85-86 of

As the office of the A.D.O. in record room & property room are at present at different places, the Com^r now suggests that the A.D.O.'s office may be shifted to the vacant portion of the ground floor of the central block of his office so that the A.D.O.'s office including the record & property rooms may be in one block after carrying out some improvements.

An estimate for Rs 95 for these improvements has already been prepared & submitted to fit into S.O. no E-4514/33-4 of 24-2-34.

1431-32 of

4520521

3. It is suggested that the St Veterinary Office which is at present located in

the old Session Court which is too big for his requirements ~~and~~ be accommodated in the 3 narrow rooms on the South forming the whole length of the block. The improvements necessary are given at p 86 of - Part II of the E E's report. An estimate for Rs 500 for these improvements H 105-109 of has been prepared.

Mr. Col² has proposed that the Office of the Health Inspector which is at present located in the old Session Court may be shifted to the vacant portion of the building occupied by the Substantive Inspectors of Muhammadan girls' Schools in the Fort. But as Famine Dist Bellary is now located in the building formerly occupied by the Substantive Inspectors of Schools the CE suggests that the Office of the Health Inspector may be located in a room in front Verandah of the record section of the Col²'s office. The DC Health Officer is reported to be of opinion that this ^{room} ~~building~~ is sufficient for

p 524

H 83-87 of

- p 87 of

~~no more improvements~~
 p 87 of are considered necessary for the
 purpose.

451 + 52 + 87 of 5. Both the Col^l & the C.E. suggest
 that the D. Police Office may be
 shifted from the rented building
 to the old Sessions Court. It is
 reported that the accommodation
 will be sufficient for 20 or 25 clerks
 if some improvements are made.
 An estimate for Rs. 4500 has been
 prepared.

411-115 of

452-53

6. The Col^l does not recommend the
 D.S.P.'s proposal to allot to him for
 his stores the old police hospital
 now occupied by the D. Agricultural
 Office. The E.E. ~~however~~ suggests
 that the police stores may be located
 in the building which is at present
 occupied by the Famine Dep^t. But
 the C.E. considers that this proposal
 can be given effect to only after
 the abolition of the Famine Dep^t. That
 till then, the existing arrangements
 will have to continue so far as
 the Police Stores are concerned.

4 87 of

483 of

7. The Col^l does not recommend
 the proposal of the Dy. Registrar of

453 of

Coop Societies to shift his office
to the vacant portion of the room
since he considers that the
existing accommodation in the
EE's office is adequate though
not ideal. That the Dy. Sup.
is in fact no worse ^{off} than the
Com^r himself.

8 with reference to para 2 of
the Feb memo, the Com^r has

also reported that ~~being~~ by the
standard of 60 sq ft for each
club, the accommodation
available for the seats under
the English Head Club for the
magisterial Sect. is inadequate
and that he adheres to his
request for addⁿ accommodation.

The Com^r has also reported that
from the records of 1890 available
his office building was accommodation
the Dist^r Office the Dist^r Office
the Dist^r Board Office in addition to
his own office and that there is
nothing on record to show that
the building was ^{specifically} designed for these
four offices.

9 the reports of the Com^r Dist^r C.F.

reply - from the coll^r. E 7647/35-]

with sketches (B) (T)

1/2

Please see the Bd's reply at H/119-121 of
and the reply of the coll^r at H/125-126 of

H/125 of 2. The coll^r agrees that the office of the
Health Insp^r may be located in the
front verandah of the second section
of this office as suggested by the CE.

As regards police stores, the coll^r as well
as the D.S.P. is of the opinion that
the building now occupied by the Famine
Dep^t is not suitable unless additional
buildings are constructed and that
it will be inconvenient for efficient
supervision. He suggests that the
police stores may be allowed to remain
in the present building, itself.

The Board may agree with the coll^r
in his views referred to above.

For orders, whether copies of the letters
of the coll^r to the CE with plans & estimates
may be submitted to govt with the
remark that the Board supports
the coll^r's proposals as ^{now} modified.
